

Not only in Germany, but also in other European countries cities and municipalities, education centres, companies, social workers, teachers, trainers, vocational training centres and volunteers work together with people arrived after a difficult and life-threatening journey to create good perspectives for a professional career. On the occasion of an international working meeting, we invite trainees, trainers, professionals, refugees, volunteer companions, vocational educators, personnel and entrepreneurs from Europe and the Tübingen-Reutlingen region with the motto **food & work & life** to an encounter and exchange with a cross-cultural buffet.

We are looking forward to your participation.
